Line Coordination	: Development Manager, Business Manager, Center Secretary
Technical Report to	: N/A
Salary range	: 400-500\$ per month
Work Location	: Kampong Thom and Siem Reap Province
Validity	: One year with possible extension.

Introduction

The Center of Excellence on Sustainable Agricultural Intensification and Nutrition (CE SAIN) of the Royal University of Agriculture (RUA) serves to foster private sector innovation, agricultural research, education, and training, and public sector capacity building through improved collaboration and knowledge sharing focused on improving food and nutritional security in Cambodia. CE SAIN receives financial support from USAID through Feed the Future Innovation Lab for Collaborative Research on Sustainable Intensification and to be implemented over a five-year period 2016-2021.

Specific Roles and Responsibilities:

- Caretaker of a technology park and model farm.
- Establishes and maintain model farms.
- Helps and supervises all activities at a technology park.
- Prepares document and log day-to-day activities at a technology park.
- Helps with organization of meetings, workshops for center staff and scholars.
- Maintains calendar of the all events at a technology park.
- Communicates activities at a technology park to the center director and program manager.
- Distributes communication materials provided by the CE SAIN to all visitors.

Minimum Required Qualification/Skills:

- Bachelor's degree in agriculture related majors.
- Knowledge of operation and maintenance of all farm equipment.
- Hands on experience with all farm operations
- Knowledge of agricultural systems in the agro-hydro-ecological region.
- Fluent in Khmer.
- Good organizational and book keeping skills.

Preferred Qualifications:

- Prior experience (at least three years) as farm manager at private or public sector.
- Linkage and working with farm communities and private sector.
- Speaking and writing skills in English.
